

Helping Healthcare Organizations Put Equity into Action

We believe that training our healthcare workforce is imperative to advancing health equity. Too often, we make the assumption that our staff is already prepared to provide culturally competent appropriate. This could not be further from the truth. Our new eLearning provides all healthcare professionals the foundational information needed to put EQUITY INTO ACTION.

Who We Are

We are a health equity and training consulting company helping healthcare organizations implement internal and external strategies to advance health equity. One of our key services is providing training opportunities to healthcare organizations. Our newest training, Advancing Health Equity, is interactive and self-paced. Additionally, we offer add-ons such as the ability to apply for CEUs and live facilitated conversations. [For a demo click here.](#)
